BLAISE KOLODYCHUK'S

NANDI BEAR AND THE NANTS

#21

BLAISE KOLODYCHUK PRESENTS: NANDI BEAR TENANTS

I am a good guy! What am I doing here!? Who has control of my mind?!

Where am I?

And at that very moment, Floyd the Illusionist loses control over all his pawns for the briefest moment.

But long enough for Naiad to wake up from this nightmare.

Suppiah! What have you done!

SMACK

And then the reality of the pain she was just put through sinks in, and without thinking any further Super Punk gets a punch in the face!

Before Floyd or Super Punk even know what just happened, Naiad escapes this terrifying tent!

Floyd, take this helmet and try to maintain control over the rest of our operations. I'll get that nasty girl.

Sure thing boss.

Meanwhile up high on the hill overlooking the Army Ants, Stensor sees someone running for her life..

Far over there... look! It's Naiad! And she's being chased by Super Punk! We need to get down there and help her!

Let's move team!

You said it Galaxy. Let's get our friend.

Oliver, Sunny and Klor (The new internet sensation) stand outside of a giant abandoned warehouse on the edge of town...

DHAL IWAL

Well here we are.. This is where Zor's trail leads to.

I've seen worse things. It could be dragons.

There could be anything in there... like dragons. Do you think there's dragons?

I hate dragons. They are scary.

Will you guys just kick in the door already?! You make for very boring TV sometimes!

Alright Zor! Prepare to pay for.....

BAM!

CRACK!

Ahh yes. Baby Mega Boy Electric and Sunny. I thought you might show up so I got my army of robots ready.

So that's what you needed all the money for? To create an army of robots?

What else do people use money for?

Klor, you might want to get out of the way while you film this. It's gonna get messy. For your friends. Not for my Robot Warriors. They are going to be fine.

Maybe we should have called one of those names from the list on the fridge...

Too late now old friend.

Here it is, citizens! The final battle between good and evil. I fear my friends Oliver and Sunny will be horribly disfigured by the end of all this.

If there are any doctors watching, you might want to come down here.

UP

Good luck Oliver and Sunny! .....You're gonna need it!

Meanwhile in the Temple of Tamameowmas there is a shocking turn of events!

PRESS THIS BUTTON TO STOP SHARKS

I'm glad you stopped us from plunging into this tank filled with sharks who have knives duct tapped to them. But Why?

I have shaken the mind control. I was being forced to do these things by Floyd the Illusionist!

Excellent. Good news especially for you, as I used my powers to befriend the sharks, and they were about to help us escape and then attack you for duct taping knives to them!

Well, I'm relieved on several levels now. Here's the thing: The Military Armadillos are still programmed to open that portal.

Who is behind all this? Floyd?

Floyd is just a pawn of Super Punk who has orchestrated this whole operation. We will need to work together to defeat the Military Armadillos.

If we take out Floyd, won't that break his control over them?

These guys are just robots, programmed by Super Punk himself.

Well if you help us down from here we can probably get some more back up to help us against the Military Armadillo robots.

Can you use the portal to teleport people around Earth?

Nothing simpler. Now let me help get you down from there.

Soon...

Nandi, if we can get a hold of our friends, would you be comfortable transporting them here?

I appreciate you asking. Yes, I would like nothing more than to help you.

COM-LINK

CLICK!

Oliver, Sunny, can you hear me? Come in!

Meanwhile Oliver and Sunny are in heated battle with the robot army.

2 WAY RADIO

Captain Trash? It's good to hear your voice! Are you back? Is there any way you could help us out? We are kind of in trouble!

Actually we were hoping you could help US out.. not only are we in trouble, but so is the whole world!

Yeah, do you mind if we teleport you away from what you are doing and bring you here?

Yes! Please! Teleport us now!!

And instantaneously Sunny, Oliver and Klor are transported to the Temple of Tamameowmas.

But so is Zor!

Thanks for the rescue guys, but you honestly really could have left this guy there. He was the one attacking us with an army or robots!

You were the guys trying to shut down my small business opportunity! I was merely defending my property.

It's not your property if you robbed banks to get the money to create them!

A minor detail.

Interesting.

Keep going guys, this footage is gold!

BACK ON ANIMOLE WORLD

Confrontation! Dorriss, Galaxy, Stensor, Raca (Who has been glued to her phone) and Naiad (Who safely got to her friends by way of a gigantic goo bridge created by Raca!) will very soon be facing Super Punk and his army of Army Ants!

Man, is it ever good to see you guys! Super Punk is coming.

Yeah, as if he wasn't bad enough, it looks like this Army of Army Ants is about to attack also!

Have you guys seen what our friends on Earth have been up to? It's pretty wild!

No time for social media now Raca, here comes the Ants!

Take that you insect menaces!

And the battle of the Nandi Bear Tenants vs. The Animole World Army Ants begins in full!

Retch!

CRACK

Men! This is our target, fire on the bear! Set for stun, we want him alive!

I'm the target? Why me?

The Ants fire at Galaxy.

But Dorriss comes to the rescue with a force field!

Thanks for the save old friend.

Don't thank me yet, this force field wont hold for long!

It's my fault! He forced me to tell him where the amulet of Daniel is!

Don't blame yourself, I know better than anyone how diabolical that guy can be!

Raca knocks out the Shooters with some goo just in time before Dorriss becomes exhausted.

THWUMP

Thanks Raca, my powers had just run out of juice. I'm gonna need a few minutes to gather some strength.

Super Punk finally reveals himself....

Exactly what I was waiting for you to say!

Stensor immediately shoots a blast of optical energy at his arch nemesis..

Super Punk!

But the ants are too quick and hit him with a stun ray before he can do any damage.

Stensor drops to the ground unconscious.

TO BE CONTINUED...
